

## Welch Allyn CP 150™ Electrocardiograph

### Simple. Fast. Connected.

The user-friendly CP 150—designed to help improve your practice workflow.

- › Seven-inch color, touch-screen display for fast and easy entry of accurate patient information
- › Instant-on feature powers the device up quickly and lets you take an ECG at a moment's notice
- › Preview ECG reports on-screen prior to printing
- › Three-, six-, or 12-lead ECG preview
- › Optional adult and pediatric MEANS ECG interpretation software offers a second opinion
- › Battery operation lets you easily transport your device to the patient
- › Store up to 100 test results on the device or transfer to a USB memory stick

TOUCH-SCREEN KEYBOARD

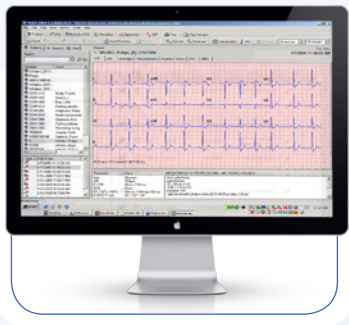

No need to track between the display and keyboard, helping you to save time and reduce errors.

LEAD QUALITY DISPLAY

Allows you to quickly and easily identify lead connection problems.

## Choose the Connectivity Options to Match Your Workflow

Welch Allyn CardioPerfect Workstation

### Bring your cardiopulmonary data together with the Welch Allyn CardioPerfect® Workstation

- Manage patient information and tests performed with the full suite of Welch Allyn cardiopulmonary devices
- Get paperless efficiency
- Store, access, review, compare and edit diagnostic test data from any computer on your network
- Retrieve records with the touch of a key, and review and edit right on the screen
- Access information from your exam rooms, your office or at home

### Simple, Streamlined EMR Integration Options

- Save ECG tests as PDF file
- Export to USB and drag-and-drop file into folder in EMR, or
- Ethernet connection enables PDF export directly to folders on your network

The CP 150 has multiple USB ports and ethernet connectivity to enable you to easily transfer ECG test data to your EMR
